Details: Just Like T.H.A.T.! Teresa Hilary, Annie, Together! - We invite you to have just as much fun with this album as we did! We pay tribute to the style and inspiration of the Swing Era and also to the delicious harmony groups of the 1950s. Along the way, we offer a few original tunes in the same flavor - some romantic getaways, lyrics that will make you smile, cry, and sing along, and danceable tunes for the newest generation of jitterbugs and the amazing generation who gave us Swing. Were happy to offer you this chance to rekindle old memories and make new ones! Weve had some amazing experiences including opening for Tony Bennett and Pete Fountain, singing for (and catching a quick dance with) the inimitable Bob USO Hope, and performing in just about every kind of venue, for many of Americas great people. Veterans of all ages have a special place in our heart, and so do people who love to dance and appreciate music that draws you out to the dance floor and makes you want to teach your kids how to dance to it. As a vocal trio, we have enjoyed performing and working together for many years and are often asked if we are sisters. Our answer? No, but we sure feel like it! Weve shared a lot of lifes experiences in the past 15+ years, raising our families as if we are related (between us we have 13 children!) and sharing great music and fun with audiences large and small, always glad for the chance to bring joy to the people. We thank God for His gifts, and for the people who shared their awesome talents and enthusiasm to complete this project. We dedicate this album to our loving husbands and families, and to our parents who gave us our love for music. Enjoy and be refreshed!
