Learn the names of all the countries, continents and oceans of the world and the Solar System. 33 Geography Songs reflect the styles of the areas of the world they are singing about. The African countries sound like Africa. The Asian countries sound like 33 MP3 Songs in this album (51:47) ! Related styles: KIDS/FAMILY: Educational, KIDS/FAMILY: Sing-Along/Interactive Details: 33 songs teach the names and locations of all the countries of the world, the 50 States, continents and oceans and the Solar System. The styles of music sound like the places they are describing. For example, the Latin countries have Latin music, the Asian countries sound Asian, etc. Simple, catchy tunes are fun and easy to learn. Also available - a book with maps which are numbered in the same order that they sing the countries in the songs. That way you can learn where it is while you are singing. Lots of entertainment and educational value for all ages. The world will become very familiar to anyone who wants to learn about it. Kathy Troxel, a professional musician and classroom teacher, has written and performed these songs with a team of musicians and singers. They are widely used in classrooms and homes around the world.
