[DOWNLOAD HERE](#)

A multifaceted jazz style with beautiful melodies, class, grace, and sophistication. 8 MP3 Songs in this album (53:00) ! Related styles: JAZZ: Hard Bop, SPIRITUAL: Instrumental Gospel People who are interested in McCoy Tyner Horace Silver Cyrus Chestnut should consider this download. Details: Hal Weary's debut album "A Rendezvous with Deja Vu" is filled with many pleasant surprises. You will hear a group of world-class musicians perform Weary's compositions with style, grace, and precision. Weary brings a distinctly artistic touch to his jazz compositions and piano playing. His feathery keyboard touch is coupled with a lot of power and passion, a complete understanding of the blues and improvisation. Not content at any time to rest on his laurels, Weary has been involved in quite a few important musical projects, and his musical curiosity has never dimmed. Despite his peripatetic activities all around the musical map, his piano style is ever evolving into tougher, even-more-complex forms.
