

Mini-kit - Stars (the Fixed Stars - Part 1)

[DOWNLOAD HERE](#)

Experience the energetic effects of the ancients perspectives on the fixed stars! Thus each of the things ruled by a particular planet or star share certain qualities, powers and virtues embodied in a celestial form exemplified by their planetary or stellar ruler. The planet or star, in turn, is the instantiation of one or more Divine Forms or Ideas. Thus everything in the Material World has its origin in the Divine World through the mediation of the celestials. Ficino, Three Books on Life, Bk. III, Chap. 14, p. 311. Effects: Permanent blending of influences of stars conjunct one's natal planets. When a given transit, arc, or a progression, conjuncts ones natal planet, it expresses the fixed star's character aligned with that natal planet. Note, this is an experimental first prototype set, these frequencies have been tested and seem to induce very positive effects in private users. Most of these star frequencies are solo simple effects without additional luminaries being added to their radiations. More fixed star frequencies will be released in the future and will include more complex blends of fixed stars and magnifying and modulating stellar luminaries.
