You know how we run tings, seen? Prime Loops bringing the fire once again, this time burnin' hotter than a volcano! Feel the full force of this exclusive release, long-awaited since the massive impact of our all-time bestseller "Rasta Vocal Samples" - as used by the biggest names in the game like Crookers, Major Lazer, Doctor P and Adam F, just to name a few. We've taken three top notch ragga MCs back into the studio for another blazing lyrical session, giving you a full array of original shouts and fearless phrases fit for any bass-heavy backing track. Whether you write jungle, dancehall, dubstep, tropical, drumnbass or breaks, spice up your latest instrumental with some authentic ragga vocal flavours, hot from the booth and ready to download. Recorded in crystal clear high definition audio by our experienced engineers, these files drop right into the mix and ensure dancefloor-ready results every time. As well as precision-cut WAVs for any software, you also get over 15 patch file presets for Kontakt, EXS24, NN-XT, Halion and SFZ, giving you even more ways to flex your skills in the studio or onstage. Accept no imitations! Our royalty-free deal lets you keep the rights to your riddims, and every file is triple quality checked by engineers and performers for maximum power in your mixing desk. Back up your badman beats with the heavyweight delivery of professional MCs spitting bigtime rasta vocals for you and yours! Fiya inna area!
