If Maroon 5, AC/DC, John Mayer and Prince had sex with Billy Joel, Marc Broussard and Steely Dan, The Addiction would be the offspring. Strange, but true. 11 MP3 Songs POP: Power Pop, ROCK: Modern Rock Details: A genre-bending blend of soulful pop/rock, The Addictions music is creating a buzz in the online community, and their electrifying live performances have built a loyal and growing following.

Combining the radio-friendly styles of current artists Maroon 5, John Mayer and Jason Mraz with the edge of AC/DC and the funky pop sensibility of early influences like Prince, Billy Joel and Steely Dan, The Addiction brings smooth harmonies and airtight musicianship together with a direct, intimate lyricism to create catchy songs that sound current, but yet timeless.

What others are saying... "...The songs are straightforward, easy to listen to and well-crafted. Their music is body music; it gets you up and moving...It's the kind of thing that hits the airwaves and stays there for eons...There are bits and pieces of so many different artists, yet the band still comes out with a distinctive sound..." - I-See-Sound.com "This multifaceted local band sounds as though it were derived from Prince, Steely Dan and the New Radicals. Their songs are slick, smooth and danceable with biting, socially aware lyrics and an appealing guitar sound..." - Critics Picks, The Nashville Scene "What happens when you get five musicians from all over the country, add four parts pop, two parts funk, a dash of rock, and soak them to the point of saturation in soul? You get The Addiction. The Addiction is fast becoming a group to be reckoned with." -
