

Mp3 Paul Fried - La Flute Francaise

[DOWNLOAD HERE](#)

This CD has some of the most important and beautiful music written for flute by French Composers. The CD has a great variation of music in many styles, covering a broad spectrum of the French flute repertoire. 12 MP3 Songs CLASSICAL: Traditional, CLASSICAL: New Age Details: La Flute Francaise includes many of my favorite works for the flute by French composers. It has so many varied styles on it, from the beauty and reflective moments in The Girl with the Flaxen Hair, to virtuosic music in the Carmen Fantasy. I also have included in this CD, the Density 21.5, for solo flute, which has such a haunted and austere feel to it.
