Maureen St. Germain - Biography Maureen's background consists of 25 years of professional experience as president of several agencies, a fund-raiser and lobbyist. She also pursued a life-long interest in Sacred Geometry and mysticism. When introduced to the Flower of Life experience, Maureen recognized a powerful tool that would help her share with others the knowledge gained from her years of studying ancient truths. She was certified as a Flower of Life Facilitator in 1995 and has also created additional workshops offering advanced tools and techniques for consciousness expansion based on Sacred Geometry and the quantum field. In addition to facilitating workshops, she organizes pilgrimages to ancient sites in Egypt; in Spain and France following the legend of Mary Magdalene; and in Hawaii where the Flower of Life is offered in an environment that includes up-close experiences with dolphins and whales. Following her life's mission to assist others in reaching their highest potential, Maureen brings insight, intuition, compassion and humor to all her events and is much in demand both nationally and internationally. Classically trained, Maureen writes and mixes all her own sound - always guided by the inner wisdom - what works for a specific angel's meaning. You will love how she creates spaces for you to insert your own specific or personalized part of the prayer.
