High Energy, no-holds-barred Greaser Punk... No gimmicks, No crap, Just Rock Roll. 14 MP3 Songs

ROCK: Punk, ROCK: Rockabilly Details: Here are basic facts.... Spector 45 is a Dallas based greaser punk band that formed in April 2003, by guys NOT interested in being another Blink, Greenday or Offspring knock off, like everyone else our age seemed to be at the time... Instead, we are heavily influenced by the same stuff that probably inspired those bands. We seek the pure energy of 50's Rock n Roll and original 70's Punk Rock, and kick it out for today's audience... We appeal to both 'All Ages' and 'Old School' crowds, are closing in on 200 shows and are trying like hell to get beyond our North Texas roots. Spector 45 releases include... '16 with a Bullet' - full length CD - September 2003 'Girls, Cars Rock n' Roll!' - six song EP - August 2004 'We wanna Go!' - full length CD - June 2006 (all are on the bands own 'Retroplex Records') Spector 45 also appears on these compilations 'Small Guy' compilation - one song - July 2004 'Third String' compilation - 2 songs - December 2004 'Rockin' Bones Videozine' Volume 3 - 2 songs - January 2005 'Podpak' SXSW Compilation - one song - March 2006 We've played some really great clubs including... Gypsy Tea Room, Club Clearview, Beerland, The Aardvark, Jiggers, Rock Steady, Kirby's Beer Store, Lemmons, The Sports Page, The Anchor, Sodies Underground, Red Blood Club, Headhunters, the Wreck Room, Bar of Soap, Darkslide Skate Park, The Electric Chair, The Haunted Kitchen, Rubber Gloves, The Lakewood Theater, Doublewide, and The Darkside. We're currently warming up to life on the road by heading further and further out on a regular basis and playing out of town more than in. In all, if you cut us a break, we will not disappoint! Acts we have shared the stage with include... the Exploited, Violent Femmes, The Old 97's, The Deathray Davies, The Dwarves, the Nekromantix, the Legendary Shack Shakers, the Vibrators, New Model Army, Throwrag, the Letters Organize, the Epoxies, Riverboat Gamblers, the Twats, 7 Shot Screammers, Lower Class Brats, Total Chaos, The Chop Tops, Pink Spiders, Reno Divorce, Polysics, Burden Brothers, The Koffin Kats, Bell Rays, The Sex Slaves, Uncle Fucker and the Turbo AC's to name a few. Keep an eye on Spector 45 as we will continue to grow musically and professionally for years to come.
