Kanye West Drums HD is a must have drum library for any serious hip-hop producer. This drum library consists of meticulously recreated drum samples that sound just like Kanye West's soulful and powerful drum sounds. The samples are rendered in high definition 24bit 96 khz WAV format (identical samples in 16bit 44khz are also included for compatibility with older devices). Every sound is usable in the sample set. There are no fillers and the samples were recreated with the finest studio equipment available in a collaboration with professional studio engineers. This kit includes: 40 Kanye West kicks, 40 Kanye West snares, 20 Kanye West claps and 20 Kanye West hi-hats. The total size amounts to under 700 MB (uncompressed).
