Acoustic Rock 6 MP3 Songs FOLK: Modern Folk, ROCK: Folk Rock Details: The White Buffalo is quite possibly a legend in the making. A throwback to the time of hard touring, hard drinking artists who really lived what they sang about. Everything about him is big, from his imposing physical size to his amazing vocal range. Hes as comfortable playing in a dive bar as he is in front of thousands in a European arena. With only 2 albums out, but literally hundreds of songs written and more coming all the time, the future is exciting for a guy who has that much raw talent.
