Beautiful Alpine folk melodies recorded for the first time in America - all instrumentals. 17 MP3 Songs
WORLD: Polka, FOLK: Traditional Folk Details: " I took almost seven years to research and find what I think are some of the most beautiful folk songs ever to come out of the Alpine countries - that have never been recorded in the USA. The arrangements are very plain and European style - button box, guitar, bass and two clarinets. The melodies are so beautiful but simple so that a medium level button accordionist can learn these tunes with a little effort. I did the work. Now you can sit back and enjoy or learn to play these tunes which are my most recent labor of love." Al Meixner (On the CD, all of the titles are listed in English, Slovenian German.) Al Meixner has been called "the most European stylistic button accordionist in the USA - he's the REAL DEAL".
