Apocalyptic industrial rock from Tupelo, Mississippi, the birthplace of Elvis Presley. 10 MP3 Songs
ELECTRONIC: Industrial, METAL/PUNK: Industrial Metal Details: Tupelo, Mississippi: The quaint Southern town that has given birth over the years to Elvis Presley, the American Family Association, and more recently, Cockfight Club. Clearly, Tupelo will be the site of the final battle between Good and Evil in the coming apocalypse. And Cockfight Club is ready... Acockalypse Now is the much anticipated second album from the absinthe-fueled musical misanthropy known as Cockfight Club. Building on the themes established on their 2005 debut, ber gber, Acockalypse Now finds the band breaking free of their sonic boundaries and serving up a powerful wall of sound that sounds like it was played by an army. Darker, angrier, tighter, meaner, Acockalypse Now remains consistent with the band's sound but is not afraid to boldly explore new musical territory.
