TAP ventures into an indie soundscape with their sophomore release, the W ep. combining older TAP sensibilities with contemporary influences and a signature TAP satire of contemporary culture, this record offers something new to die-hard TAP fans and begi 9 MP3 Songs ROCK: Math Rock, ELECTRONIC: Pop Crossover Details: the anything people, often said in its abbreviated form TAP, is the conjoining of ntr label head ivan ives and fellow producer stupidfresh. they initiated the groups formation, and have since been brewing intriguing ideas and inventive designs that choose not to abide by the limitations set by the general listener. TAP does not make music for everyone. TAP makes music for TAP. critics may say that TAP is a gimmick in itself with elitist egocentricities, but driven by an opinionated belittling curve, critics thoughts are generally ruled out as overly subjective hogwash for an audience just as discriminating.
