This CD is recorded on a nine foot Steinway concert grand piano in a concert hall to capture the warm, soothing, rich sounds of the Steinway Grand Piano and the touch of Justin Knight. Inspiration behind The Journey. Justin began writing this soothing comforting healing music out of his need to find joy, love, and peace. He struggled with depression and anxiety for years. Eighteen years ago Justin made a journey to the top of a cliff where he planned to jump off and take his own life because he thought there was no hope. Someone pulled him away that day and his life has never been the same. Along Justins journey he met Jesus Christ and his life was changed. Today Justin lives at the foot of Pikes Peak in Colorado where in 1893 Katharine Lee Bates journeyed up Pikes Peak and was inspired by the breathtaking views as she wrote America The Beautiful. The first time Justin journeyed up Pikes Peak to the summit here it opened his eyes. He saw along the journey beautiful valleys with flowers to take in, peaceful fresh springs to rest by, dark woods without a glimpse of light, and of course the summit itself where the view is breathtaking. The journey up the mountain to the peak is compared to our spiritual journey through life. There are valleys that seem low, there are caverns without a glimpse of light, there are fresh springs to rest by, there are meadows to smell the flowers, there are plateaus that seem to never end, and of course there is the summit with its view. The music from this CD will inspired your journey. Please do not be in a hurry to reach your destination. Enjoy the journey. ABOUT JUSTIN K.
