\*\*\*\*\* Quick Bio for F.J. Shark... Since 1990, men and women in 21 countries have sought out the social wisdom of an average nice-guy who was at one point in time the true definition of "socially bankrupt". He was sick and tired of seeing Jerks have all the fun with women, while he was treated like a consolation prize with little respect or priority in any of his relationships with women. F.J. Shark has helped Nice-guys gain an unfair advantage in the Social Marketplace and stop hearing the dreaded "F" word from women "Friends", --as in the nails scraping on a chalkboard phrase: "Let's just be Friends". A recovering nice-guy himself, F.J. Shark has mastered how to quickly get the results and benefits that Jerks get with women, without being a true Jerk, sacrificing your values or abusing women. Before the internet, "How to be the Jerk Women Love" was selling in all the major book stores across the country such as: Barnes Noble, Walden Books, Borders Books, etc. Now in a 2nd edition eBook at: WomenFiguredOut.com Women unsuccessfully challenged him on such popular national television talk-shows as: Montel Williams, Jane Whitney, Jenny Jones, Mark Walberg, Sally Jesse Raphael Talk

Soup. To this day, F.J. Shark is an outrageously memorable, veteran talk show guest who has entertained and educated audiences about women and relationships on over 400 radio, satellite and cable shows including "The Danny Bonaduce Show" and "Mancow's Morning Mad House". Just remember, as F.J. Shark says: "What women "can do" for you is amazing, what they "will do" for you is usually disappointing. The difference between what they "can do" and what they "will do" is up to YOU!" Own this CD today and start attracting the women you really want in your life.
