Instrumental, ambient electronic and guitar piano ballads. Ideal for professional environments where a relaxed and thoughtful atmosphere must be maintained. 16 MP3 Songs ELECTRONIC: Ambient, EASY LISTENING: Background Music Show all album songs: Professional Sounds Songs Details: Q: Tell me about yourself. A: My name is Brad Hoover; I'm from and live in Tacoma Washington. Q: How long have you been composing music? A: I started playing piano in the 70's and composing soon after that because I was having a very hard time reading sheet music. Most of the tracks on 'Professional Sounds' were songs that I wrote years ago on my Yamaha Baby Grand, but finally composed within the last two years on my KORG. Q: Who has inspired you as a musician? A: Hmmm that's a tough one. I'd say Manheim Steamroller, Fresh Aire series in particular. Definitely the Art of Noise, Vangelis, Brian Wilson and select favorites from the 70's-80's synth music era. Q: What was the motivation behind 'Professional Sounds'? A: I really wanted something available to professionals who are trying to personalize their office and practice. 'Professional Sounds' was designed with that in mind. It's supposed to be a fresh and unique alternative to the typical music one listens to in any given waiting room where a relaxing but thoughtful atmosphere needs to be maintained. Q: Can tracks from 'Professional Sounds' be heard elsewhere? A: Yes. 'Professional Sounds' is a compilation of moderately paced songs that can also be found on 'Collections I' and '3 Sisters.'
