

Midi Keys: Organ (midi Loops)

Stunning Organ progressions! From Soul, Motown, Blues, Jazz and Rock, thru to House. MIDI loops of this standard simply didn't exist.... Until now! This collection covers all the main genres synonymous with the classic sound of the "Hammond" organ. Cool Soul loops, Gritty blues riffs, and Tough Heavy Rock progressions are all included here, whilst not forgetting classic House organ styles. The pack contains 40 terrific MIDI loops performed by top session keyboardist Steve Burton. Each loop ranges from 4-12 bars in length and every MIDI file is labelled with the original tempo. The sounds used to preview some of the riffs in the demonstration track, were created using the amazing EVB3 Tonewheel Organ from Apple Logic Pro 8. But the beauty with MIDI, is that you can choose any sound you wish and are free to edit the part to your own personal requirements. Please note: When playing back these MIDI loops you may need to switch up or down an octave depending on the sound you are using. FORMAT: - MIDI
