Details: Distorted Penguins, formed in 1996, have the most amazing and intriguing story of any band ever, and they are on the mission to revive a lifeless rock roll music scene. After hiking the United States coast to coast and doing a hundred push-ups (thats right one-hundred), they formed the master plan to release the greatest album that will ever slap you in the face like a pimp that masterpiece is 2005s Billiam Rockwell. Having complete independence from the industry and being powered from the beginning by the star brilliance of Magic Dave Mussen, the Distorted Penguins have become a household name in the east coast scene. Since Magic Daves tragic death in April of 2000, the remaining members of DP have adjusted their line-up in order to keep Dave's message alive. DP has combined power pop, rock, and a horn section to create an energetic and fast-paced style they have deemed falling rock. With a countless number of performances at world-famous rock clubs, festivals, colleges, bars, nightclubs, and community centers, DP has worked feverishly to reach the masses. Because of their versatile style, they have performed with national acts the likes of Blues Traveler, 2 Skinnee Js, Reel Big Fish, Less Than Jake, Talib Kweli, Mos Def, N.E.R.D, Rahzel, Jimmie's Chicken Shack, Buzz Poets, Violent Femmes, Blue Oyster Cult, Blessid Union of Souls, My Weakday Night, and O.A.R, to name a few.
