

150 MEGs Christmas Pack

[DOWNLOAD HERE](#)

"If You Need A Whole Bunch Of Christmas Images, Then You Have Found The Complete Source!" Dear Visitor Re: Cover Your Christmas Graphics Needs Once And For All No More Searching, No More Downloading From Different Sites, No More Hassle! The 150 MEG Christmas Pack Is Royalty Free! You have found the "mother load" of Christmas images! If you are tired of scouring the Internet looking for great Christmas graphics, you can stop searching right now. The 150 MEG Christmas Pack, is chuck full of .jpg, .gif, and .png files to keep you busy clear till Christmas! Need a quick Christmas card in a pinch? Just find one in this collection, print it out - and you're ready to roll. Run out of gift tags? No problem! Find yourself an appropriate image, print it out - and stick it to your package. You won't be running to the local drug store this year because you ran out of gift tags, that's for sure. You might find some gift tags in here that you like BETTER than the "drug store" tags. Especially for that "Vintage or Victorian" look. Need animations for your website? Well, there's a few of those in here too. How about using these images for your websites or Christmas auctions on Ebay? There are PLENTY of images here to spice up your websites. Put your Ebay customers in a great mood with super looking auction pages, which will help you SELL MORE! The List Of Things You Can Do With These Images Doesn't End There! Here Are MORE Ways To Use These Wonderful Images: * Documents and Fliers for work or home, great for announcing Christmas parties. There are black and white line images you can use on colored paper too. * School projects. The kids can browse through here to use images for school projects, or for simply creating their own Christmas cards. We use these images for Home School projects, hand made gifts and more. * Church - need extra images to create announcements for your church? The nativity selection is perfect for church projects and announcements. * Bulletin Boards - create "classified ad fliers" for selling Christmas items, then post them on bulletin boards at your local businesses. Local bulletin boards are great places to get some local business action! * Ebooks about Christmas. Liven up your Christmas ebooks with these great images! * Website design. Since these images were collected from Public Domain resources, that means you are free to use them for your own designs. Yes, even on templates that you wish to resell. Royalty FREE! * Needlepoint patterns. Yep, I talked to one lady who purchased

this package to create nice needlepoint projects with the images. * Create your own physical products by using "Zazzle" "CafePress" and other online areas where they help you create mouse-pads, coffee mugs, t-shirts and more! * Using your imagination, I'm sure you'll come up with ways that I never even thought of. 150 MEG is nothing to sneeze at! Now, let's show you what an incredible selection of images we have added into the 150 MEG Christmas Pack! Below we list each category of the package, and give you a sample of what the images in that category look like. Below the images we also tell you exactly how many images are in each category. Every single one of the pictures listed below is in this package, plus many, MANY more! As you can see, our images are great quality, and we have done our best to include simply every kind of image you could possibly need. Buy these images ONCE, and you can reuse them year after year. You might only need a few graphics for gift tags or Christmas cards this year. Next year you may need to create some documents for work. The year after that, you may have your own eBay auctions or begin creating Christmas templates to sell! Buying this package just ONCE, THIS YEAR - also gives you access to sell the package yourself, and keep half the money! How cool is that? Now, how much would you expect all these images to be worth? Do you have any idea of the amount of TIME that went into creating this package? Let me just quickly remind you of how LARGE it is: Yes, that's RIGHT - OVER 150 MEG Of Wonderful Christmas Images! Over 1,500 Image Files In 22 Different Categories! That screenshot was taken directly from my PC - and that's exactly what you'll get. Over 150 MEG, over 1,500 images - that you can reuse over and over. I thought about charging \$97.00 bucks, the package is easily worth that one time payment. But... during Christmas, everyone has a tight budget - including me. So I thought, how about \$67.00. Still a bit high though. You can get a couple of really nice gifts for others for \$67 bucks. OK, \$47.00 then. Thought that after I split payments with other people who would also like to sell this package - that would leave us both with about \$23.50 - but then there are fees associated with selling - so say \$21.00 each to round it off. Hmmm - \$47 bucks. I could get my boys about 3 items on THEIR list for \$47. Well, since I want everyone to have a Merry Christmas - and be able to spread plenty of gifts around, I finally settled on \$7.00 bucks. I think that is very affordable for most people, and considering the HUGE amount of graphics - that is one heck of a deal. I gotta tell you, since I created this package last year, my husband NOW KNOWS what price I put on it. He watched the kids for many hours so I would have time to create not only the image pack, but also this website - so he wasn't real thrilled when he found out the price. I already got the "well, are you gonna charge \$97.00 for that Christmas pack

this year?" lecture. No, I'm not kidding. If he talks me into upping the price a bit this year, well - let's just say he's done it before. He means well. Only looking out for my best interest really, and he can talk sense into me when he wants to! ;-) So Buy This Wonderful Set Of Christmas Images NOW For Just \$7!!! This package is personal use only at this price. Before My Husband Bugs Heck Out Of Me And Talks Me Into Raising The Price!
