Dreamy, emotional and dissonant, Luke Gregory's songs create a unique atmosphere through stylistic vocal layering and catch melodies. 5 MP3 Songs ROCK: Emo, ROCK: Progressive Rock Details: I wrote the "Somnolence" short album the first year after I graduated from the Ohio State University. In 2004 I experienced some odd, supernatural occurrences during sleep, including sleep paralysis and astral projection. The songs on this EP are special to me because they describe these odd occurrences. All 5 songs on this EP relate to these experiences. This album is an allegory with a simple love story being the framework and the story of my sleep disturbances being the deeper, hidden meaning.
