The SEO Wars Discover the real search engine optimization mind tricks that'll get you dominating the searching engines, faster than you can say, "Luke, I am your father!" Dear friend. If you've ever tried to get high search engine rankings you probably realize that it can be an incredible task to try and rank highly without paying for the ranking (i.e. pay per click)... Most people get caught up by the hope of getting loads of free traffic from the search engines. I know that I have as have thousands of other people. Doesn't it sound great? Get a ton of traffic from the search engines, convert them into sales and make a ton of money in the process? It's a great vision. The truth is that most people think they know what to do when trying to achieve a good ranking in the search engines but those people as well as... As I'm sure you're aware, there are literally hundreds of eBooks, courses, reports, membership sites and full blown big home study courses touting the promise of teaching you to get traffic from the search engines. Most of these courses are over hyped and lack any real substance as far and tested and proven search engine optimization tactics. Almost all of them have been written by ghost writers who do nothing but research search engine optimization and then write a book on it for the person who's hired them. This means that a real expert hasn't even written that material and no one has tested it in many cases! I know this may sound scary but it's absolutely true and you need to know that before going out and spending your money on a course. That's why you need... When it comes to learning how to get traffic from the search engines you need information that contains three important keys... 1) The first key is getting information that has been put together by a true search engine optimization expert. If the information isn't written by someone who's tested and been where you are, how could it be of any value? 2) You need information that has been tested by more than one person. You want to be able to put information in place that has been used by not just one person but dozens of people so you know it's effective. 3) You want "White Hat" strategies that won't get you banned form the search engines! Many courses teach you techniques that could potentially get you banned and blacklisted by the search engines which permanently shuts down any chance you have at getting traffic and the worst part is that they don't even tell you this before you put that tactic into action! These keys are vital to any information that you follow in
