

Fidget House Electro Dance Grooves, Mixes & Samples

[DOWNLOAD HERE](#)

Slicing its way through the dance floor, fidget house is an instantly addictive assault of relentless drums, razor-cut vocal stabs and rampaging basslines. Pitch all this against a floor-shaking dose of electro infused Roland drums, 4x4 rhythms and twisted analogue synths, and you've got some seriously sharp combinations ready to jack up the vibe and energise the crowd long into the night! This full-throttle, genre-busting sample pack is arranged in to eleven comprehensive groove kits, each broken down into separate drum, FX, synth, bass and percussion tracks, giving you a big bad box of tricks ready to explode with creative possibilities. All the loops in this sound suite are synced at 130 BPM, enabling you to mix and match any part of any groove, slamming your ideas into each other without worrying about losing the beat. And of course, "Fidget Vs. Electro Grooves" comes in the most up to date flexible formats for complete tempo control, and with separated tracks you can cut, stretch and pitch any individual instruments or notes you want, so you're ready to create totally heavy and entirely original compositions from professionally produced source material, or add a fidgety electro flavour to your own originals in any genre. Hard-hitting, body slamming tracks require unique, perfectly clean and expertly compressed samples, so this pack features only crystal clear quality-checked recordings of original synths, such as such as the Roland JV2080, Nord Lead, MoPho, Access Virus, Korg Prophecy, and high-end soft synths such as ReFX Vanguard and Rob Papen' Predator and Albino. The entire pack was processed with Pro Tools TDM and a TL Audio Ivory valve compressor, giving you the most power possible to fuel your mashed up, glitched out mayhem. Author Scott Tonic will take you deep into the zone of mind bending percussion patterns and sideswiping synth loops, available for instant use in your sampler or sequencer. His work has been released at the highest level, on labels such as EMI, Warner and Ministry of Sound, and for heavyweight artists including Taio Cruz, Alesha Dixon, The Wideboys, P-Money and Donaeo. Now his expertise is in your hands, the gloves are off, and the battle of the grooves is about to begin! You can find this release in a large number of other Special Formats on our website including: Ableton Live Pack (181mb) Acid Loops (222mb) Akai MPC (266mb) Apple Loops (222mb) FL Studio (222mb) Garageband (222mb) and many, many more! primeloops.com
