The second edition of World Music: A Global Journey introduces students to the diversity of musical expression around the world. It takes the reader across the globe to experience cultural traditions that challenge the ear, the mind, and the spirit. It presents a systematic study of varied traditions in a non-technical language accessible to any enthusiast of world music and culture. The second edition of World Music enhances its pedagogical efforts with Listening Guides, an enhanced website, and improved interior design. With nearly 300 photos of instruments and cultural settings, over two hours of music on the accompanying audio CDs, and online resources, World Music: A Global Journey provides a fundamental resource for teachers, students, researchers, musicians, and any enthusiast beginning their exploration of world music and culture.
