

# Facebook Chat Spy - Viral Facebook App Turnkey Script!

[DOWNLOAD HERE](#)

This Facebook application script is very useful if you don't want to be logged in on facebook chat, but you want to see which of your friends are online. It used to be impossible to see online friends when logged out, but Facebook chat spy makes it possible. NOTE (to webmaster): Facebook chat spy has a great potential due to the fact that there is no other way to see if your friends are online when you are locked out. Install and run Facebook chat spy app today, and let people start using it right away, and build a successful facebook application in a short time. Regards WIRSO.com
