learn how to set up your own blogging network using WordPress mu This Three part video series takes you step by step through the process of setting up your own blogging network. Make money with your own social blogging network Date: April 12, 2008 Time: 11:10 AM From The Desk Of: XXXXXXXXXXXX

Dear Reader: Almost everyone on the planet has their own blog these days, It gives them the chance to have their own web space to tell the world whatever they want to say. There are many free blogging platforms out there these days, Why do you think the owners of these platforms allow that? The reason is - traffic equals money. Now consider this. What if I could show you how to set up a multi-user blogging platform absolutely free? Can you think of a way to make money by giving away free blog space? Well here is one right off the top of my head. Think of a hobby or activity you enjoy. Now grab a domain name in that area and install the blogging platform (WordPress MU), find a nice theme and use it for your site. Set everything up as explained in the videos. Monetize your home page with AdSense and other advertisements for affiliate products. Now start posting on Social Bookmarking Sites, Yahoo Answers, Groups and Forums about your free blogging service for enthusiasts. DONE! People will flock to your site to open their blogs. They will come back over and over again. Modify the templates you offer to include your AdSense code and make money from THEIR TRAFFIC! That was right off of the top of my head without giving it any thought at all. I'm sure if you thought about it for a while you could come up with some more. You will learn everything you need to know about WordPress MU in this three video series. WordPress MU is best for those that are already familiar with WordPress. By the time you watch both of these sets of videos you will be ready to set up your own blogging network. Here ARE Some Things You Can Do With Wordpress MU * Set Up a Blogging Platform For Others to create their blogs on * Set up a Corporate Blogging Platform * Run all of Your Own Blogs From One Central Location.
