

# Opera - Robert Cannon

[DOWNLOAD HERE](#)

What is opera and how does it work? How has this dramatic form developed and what is its relevance in the modern world? Perfect for music students and opera-goers, this introductory guide addresses these questions and many more, exploring opera as a complete theatrical experience. Organised chronologically and avoiding technical musical terminology, the book clearly demonstrates how opera reflected and reacted to changes in the world around it. A special feature of the volume is the inclusion of illustrative tables throughout. These provide detailed, easy to follow analysis of arias, scenes and acts; visual guides to historical movements; and chronologies relating to genres and individual composers' works. Overall, the book fosters an understanding of opera as a living form as it encounters and uses material from an ever expanding repertoire in time, place and culture. Author: Cannon, Robert Publisher: Cambridge University Press Illustration: N Language: ENG Title: Opera Pages: 00450 (Encrypted PDF) On Sale: 2012-02-16 SKU-13/ISBN: 9780521763028 Category: Music : Genres & Styles - Opera
