Now That's Easy Just Sit Back & Watch A Few Videos and In Minutes Your Brain Will Absorb New Skills Dear Friend, Google AdWords can bring you an avalanche of new customers. It's done just that for thousands of business all around the world. BUT - Google AdWords is also one of the easiest ways to lose thousands of dollars in just days (outside of Vegas), with very little, if anything, to show for it. And it comes down to just this: Google AdWords is VERY complicated And even harder to PROFIT with. So... Have Google done this deliberately? Possibly, but I really don't think so. With a flexible and incredibly powerful advertising system comes a steep learning curve. And this isn't 1998 any more! 5 cents a click in high competition markets is long gone. Click prices have rocketed, and new competition comes online every single day. And because of these factors, AdWords can be a bloodbath for new advertisers. And many never get over those first few days of severe losses and incredible frustration. Is there a solution? Yes, and a surprisingly easy one. GOOD coaching. Coaching that shows you step-by-step how to very effectively set up and advertise on Google AdWords. So what I've put together may possibly be the most effective crash-course anywhere for turning an AdWords Newbie into an AdWords Master! And here's why I believe this is some of the most effective coaching you'll ever find: You see everything happen right in front of you! You see a new account set up, advertising campaigns created, advertisements written and optimized ... and then the ad views and clicks start coming in and you'll see it all every step of the way so you can easily avoid all those shockingly expensive Google AdWords pitfalls.
