

Buccaneer: The Pursuit Of Infamy - Strategy Game

[DOWNLOAD HERE](#)

You can download a free demo. The Golden Buccaneers are in deep peril. Their ships are sunk, their territory lost and their chests contain barely enough gold to stave off a mutiny! Do you have what it takes to turn their fortunes around? Take command of your first ship and pillage your way into the Pirate Hall of Infamy, where your name can stand with the likes of Edward 'Blackbeard' Teach. Set against a backdrop of the sunny Caribbean, players control a variety of classic tall ships, bristling with cannons, as they plunder their way through a 50 mission campaign and go head to head against other cut-throats online. Employing a simple and intuitive control system, players jump straight into the action and begin their career in piracy. With a 50+ non-linear single player missions and a choice of more than a dozen fully customizable ships, Buccaneer will have budding pirate captains clamoring for more! The Multiplayer Game is fought between The Golden Buccaneers and their arch rivals, The Crown. Similar to the Single Player Campaign, the game objective is based around Infamy Points. Each faction starts a multiplayer level with a set score - Infamy for the Buccaneers and Renown for the Crown. The objective for both sides is to reduce their opponent's team score to zero to win the game. Publisher: Blitz Arcade
