The convenient translation system for text, email, and web pages. Ideal for everyday private and professional translations. The new technologies and features TranSelect and TranslateDict enhance not only translating convenience, but also the quality of your translation. * NEW Selection dialog for the optimal translation variants: The new TranSelect technology is a flexible tool for selecting from the alternatives the translation best suited to the context. TranslateContext utilises its context knowledge to present you with suitable alternative translations for words. The grammatical relationships are corrected automatically. The word translations you select can be easily adopted for the current sentence or the whole text. * NEW Context sensitive searches directly in the target text: TranslateDict pro integrates the functions of the multi award winning office wrterbuch pro for enhancing even further the quality of your translation. You can therefore easily retrieve translations both in Windows applications and in the target text. TranslateDict pro conducts a context sensitive analysis by back translating the results returned by translate. * Direct translations of single sentences or short texts: click & translate translates directly in any Windows application, accessing directly the translate software component and dictionaries. * Your own dictionary entries: Create your personal custom dictionaries quickly and easily. You can therefore not only add any amount of data to the integrated system dictionary, but also use your own entries to personalise the system's translation preferences. * Direct and easy translations of web pages: translate web lets you translate whole web pages directly in Internet Explorer (Version 5.0 or later), retaining the layout and functions. Moreover, translate web allows you to access the translate dictionary directly for convenient searches. * Easy to use: The TranslateAssistant helps you to find quickly the best possible translation. This interactive wizard features an Assistant info window that keeps you informed at all times on the status of the translation, the translation settings, and the text details. The TranslateAssistant also helps you to navigate by presenting you with a list of possible followup activities. * Fast access to WWWtranslate.de: The WWWtranslate interface also takes you quickly and easily to the Lingenio online translation portal. There you will find a large number of additional usages for your research. System requirements: PC from 400MHz, 32MB RAM, 200MB free fixed disk storage, CD-R drive. Windows

2000/XP/Vista/Windows7 (32Bit/64Bit). Optional: from Internet Explorer 6, Firefox from 1.5, MS Office

2000/XP/2003/2007 (32Bit) Release: 2010
