Novation Bass Station Soundbank Novation Bass Station Soundbank from Acid Records presents 100 bass sound presets to cover your Trance music needs. Whether your project calls for Tech, Euro, Hard or Dark Trance you'll find the low end you need in this library. These fresh and original sounds were created by Ultraphonic Studio and FJ Project; experts in Dark, F.A.T., Euro and Hard Trance. All the presets are supplied in FXB and MIDI formats to allow you to update the Bass Station plugin or Rack/Keyboard Hardware versions respectively.
