All it takes is about 2 hours to set it up and after that it is all completely hands free! The setup just consists of setting up about 30 different social media profiles which isnt hard to do, but can take a little time initially. You could easily outsource this part of the process, but you dont have to. Honestly setting up profiles like this can be done while you are watching TV or something as it is mindless work, so dont fret over this part! Literally there are no major tech skills required to make this work for you. Lets just say if you can buy this offer or even click around on your computer to even be reading this than you have all the skills you need to set up this system for yourself and your customers will have no problem setting it up either! True No Cost System This autopilot traffic system wont cost you anything to setup as I show you step-by-step how to set this all up 100 for free! All you need for this to work is your own blog and that can be installed for free even! So you are getting a turn key traffic solution that wont cost you anything, but will send your site traffic until you shut it off! Once the system is setup every time you make a new blog post it will go to work for you and start generating traffic and backlinks to your blog post within hours after your post went live! Make a blog postrelax.traffic! So you can make a blog post, go out to eat, and while you are out eating this system will be helping you generate targeted traffic and backlinks on complete autopilot by syndicating your new post to around 30 different social media sites at once! You can make your blog post and go take a nap, then sit back and enjoy the traffic that is coming to your blog post for you. The main point with this awesome system is that once it is setup for you, there is not much else you really have to do to keep it going. Just keep making blog posts and this system just keep syndicating for

you and sending you massive amounts of traffic. Make \$200 to \$300 Over & Over Again!
