

# Weird Park-broken Tune Platinum Edition - Pc Game

[DOWNLOAD HERE](#)

You can download a free demo. A few years ago during his nightly performance, Louie the Clown suffered a terrible mishap that ultimately led to the closing of the amusement park. Recently, an investigative journalist looking into the incident mysteriously disappeared, his car the only clue left at the entrance of the park. Now, the newspaper he worked for has hired you, a private detective, to get to the bottom of this mystery. Investigate the amusement park, believed to be haunted, and unravel this startling turn of events. Search eerie locations for clues and uncover the rash of "accidental" deaths that led to the park's closure by city officials. Solve perplexing puzzles, locate important items via search variations, and enjoy fun mini-games. Figure out who is behind the accidents but watch out, because you might be the next victim. Publisher: Alawar MINIMUM SYSTEM REQUIREMENTS: Windows 7/Vista/XPProcessor: Pentium 3 1.0 GHzDirectX 9.0512 MB RAMFree hard drive space: 634 MB FEATURES: This Platinum Edition includes a Bonus Chapter, a helpful Strategy Guide, and character art.
