Slip, Slide, & Strip part 2 The oil gets hot as these two girls explode in wrestling action. The chemistry between Scarlet, and Sybil is enough to scorch your eyebrows as they get things hot in their match up and keep it hot. You never know who is going to win this one, but I think you will agree, in the end, we all do. The rules? Scarlet and Sybil don bikinis with white tank tops over top, and the winner is decided by whomever strips their opponent of their tank top first. Watch their bodies glisten in oil and hear the rip of the clothing as it is slowly torn off of their bodies.
