If you want to avoid the the bad effects of stress on your physical & mental health then there is no alternative of relieving, reducing & managing stress. Stress is almost impossible to avoid completely because unfortunately there are uncountable factors that can cause stress in our lives. But fortunately you can apply various techniques or tools to manage stress in your life & make its bad effects less harmful for your mental & physical life. And the good news is that with the help of StRePals the whole task of relieving, reducing & managing has become a lot more easier! Just listen to StRePals according to your need & enjoy the benefits of listening StRePals. What Are StRePals? ----- Each StRePal (Stress Relief Pal) is the combination of a specially designed audio tone and different types of ambient music, different types of environmental & other sound effects and human voice. When you will listen to any StRePal you will hear a continuous pulsed tone. This special audio tone utilizes a natural characteristic of our brains & by utilizing this natural characteristic each of the StRePals can change our state of mind! More specifically i can say that each StRePal is capable of altering our level of consciousness! Therefore when you will listen to StRePals your mind state will be changed from stressed to relaxed & calm state! To make you relaxed & alleviate your stress these special tones are created based on a tested & 100 effective technology. This technology is known as Brainwave Entrainment Different types of ambient music, different types of environmental & other sound effects and human voices work with these special pulsed tones to entrain your brain safely to make you relaxed quickly. As the brain gets relaxed so the body also follows the brain. In this way both the body & mind are relaxed as a result of listening to each StRePal. Some of these Stress Relif Pals work better for instant stress relief & some work better for long term stress relief. The main purpose of each Stress Relief Pal (StRePal) is to help you relieve, reduce and manage stress smartly, easily, effectively & almost effortlessly both for short-term & long-term needs.
