"What Are EZ Ebook Templates?"

EZ Ebook Templates are just what they sound like. They are ebook templates specially formatted to work inside of OpenOffice Writer to create PDF ebooks with loads of style. The only drawback is you have to have OpenOffice Writer. But, the upside is that OpenOffice Writer is 100 free to download! You might be thinking. . . "Are they really that easy to use?" I think so. And many other people do too. What could be simpler than adding your own unique ebook content and hitting a "create PDF" button without all the headaches of creating your own snazzy looking formats? Other than me coming to your house and doing it for you, nothing! "What Do EZ Ebook Templates Do, Or, How Do They Work Exactly?" EZ Ebook Templates give you the opportunity to create PDF ebooks that look completely professional. But without all the head pounding hours of work. To use them, all you need to do is open up one of the specially designed .ODT files inside OpenOffice Writer and add your content. If you can use OpenOffice Writer, then you can use EZ Ebook Templates. Once you discover how truly easy it is, you will never go back to bland looking PDF ebooks again. "How Can EZ Ebook Templates Help Me And My Online Business?" Hiring someone to create a custom ebook template for you can be extremely costly. But doing it yourself can suck up huge chunks of your time. Then you're left figuring out which is more important to you, your time, or your money? The very best part about these templates is that you can change them completely to fit your own style, and the style of your ebook content! Because each ebook template comes with its very own .psd file that you can make changes to inside an image editing program like Photoshop. Or any other image editing program that can handle .psd file extensions. Plus, I'll even throw in a few extra backgrounds. And yes, there's more. . . . I'll even throw in the .psd file for the extra

graphical elements for the torn paper corners and the solid white background of the first "grunge 2.0" style shown at the top with the little silouetted people. Then all that's left to do is pick one of the background images, and add your own special touches to the rest of the design! Or, What If. . . .
