Transform Your Website Into AFFILIATE LINKS with DYNAMIC KEYWORDS! Instantly & Effortlessly Boost Your Websites Income by 300 or More Using The Very Latest Profit Producing, Context Ad Technology! If you run any sort of content based website or blog, you are about to discover how you can instantly start making MORE MONEY with ANY Affiliate Program You Promote WITHOUT ADVERTISING! Its already been proven that putting contextually relevant ads on your site can mean BIG bucks. And this fact has been made all the more obvious with the success of programs such as Google AdSense. But how many visitors does it usually take before your site makes even \$50 from Google ads? And how much do you think the advertiser makes off YOUR traffic? You can guarantee its a lot more than \$50! So Stop Giving Your Traffic Away For Peanuts & Start Getting The Commissions You Deserve! One of the best ways of making more money with AdSense is make your ads blend in with the rest of your content. Simply put, by making your ads NOT look like ads. However, doing this is against Googles terms and might even get your account banned. Besides, they have made this practically impossible by placing the words Ads by Google on every one of their ad units. Now what if you had a way to automatically and seamlessly embed relevant affiliate links directly into your content, so they just look like regular links to other related articles on your website? Do you think they would receive more clicks? ... you bet they would! The revolutionary ConTEXT Ad Generator program combines two of the most powerful income opportunities on the internet, pay-per-click advertising and affiliate programs to create a new hybrid breed of website monetization that simply blows everything else out of the water. Not only will these links get clicked more often, but every click can give you the opportunity to earn \$100s... per click! Compare that with the measly few cents you earn on your AdSense ads. Now I am not saying you should abandon AdSense altogether. It is a great way to earn a passive income online. But with this brand new software, your potential affiliate income will instantly shoot through the roof! This is Why ConTEXT Ad Generator Is The Best Way To Monetize Your Web Traffic: The generated ads are not obvious or blatant and can command a much higher click thru rate than regular PPC (pay-per-click) ads. Can be used with any form of content such as blogs, forums, article sites, public domain material or online books. Doesnt require any

special knowledge or skill and can be live on your website within minutes. Links open up in a new browser window, keeping your visitors on your site so they get the chance to return, click more ads and earn you more revenue. Can be combined with any other PPC advertising programs you use (The more income streams your sites have, the better). The links will appear exactly like any other link on your website. If you use style sheets they will follow the same format set out inside it. Covertly converts the keywords into links without actually modifying the pages source. The links are created on the fly the second a visitor lands on the page. Protects your websites search engine position and link popularity by covertly disguising every link it creates. The search engines wont know your site has a bunch of affiliate links pointing out, so it will rank higher. Tested to work in any browser, so you know everyone who visits your site is seeing and clicking on your new cash generating affiliate links. Compatible with any webpage regardless of the language its coded in. Works with html, php, asp and anything else. No complicated modifications to your website required. Just insert one snippet of code and your done. ... plus much much more!
