"Discover How To Add Another Digit To Your Monthly Profits Through Starting Your Own Highly Successful, Smash Hit Coaching Program!" Finally Revealed... Easy Step-by-Step Formula To Kick Starting Your Own Highly Profitable Coaching Career And How To Automate It! More Details Below... Dear Superstar Coach In The Making, How would you like to bank in 10 times more money than what you're currently making now... starting today? You might or might not realize it yet but if you're a professional or skilled at least one thing that has demand (and that's really all it takes), did you know that you can duplicate your income stream simply by duplicating your skills to other people? Everytime the average person hears the word "coach" they often think of people who coach others in the baseball or football team. But did you also know that there are coaches to be found in just about any lucrative career that pays out lucratively? Sales teams, fitness instructors, yoga teachers, self improvement gurus... heck, if you're an Internet Marketer you should also know by now that a lot of big name gurus are not leaving any money on the table and do their own coaching programs! Think about it: if you charge anywhere from a few hundred to (preferably) thousands of dollars person for personalized coaching, you only need to take on a few clients a month and you make even more money in the process... on top of your current income! "Other Reasons Why You Should Consider Starting Your Own Coaching Program..." Your own loyal group of mastermind - build your own team of like minded people who share your ideas and teachings! Enhance your reputation and credibility - a speaker or coach who has his own systematic program is always perceived as a higher authority figure compared to a professional or skilled worker who doesn't. Better class of clients - many experienced speakers and coaches have reported in that clients who pay more are often less troublesome people to deal with as compared to customers who bite your 'low hanging fruit' products. "Unfortunately, Starting Your Own Coaching Program Isn't Necessarily Easy..." ... Especially if you don't know what to do and what to expect. While starting your own coaching program can be highly lucrative and profitable, the reason why many aren't seizing this opportunity is because it comes with a price. It's not a business where you can set one foot in and get out anytime you

want. Read that as commitment. And if you make any mistakes, it's going to be costly beyond your money - possibly your own reputation too. And if you come from a non-sales background, you will find that selling yourself is more challenging than it seems. You have to overcome common objections and skepticism's. And what about dealing with people if you're not really a people person? To top that off, you might be having some or more of the following concerns: \* How do I market my coaching program? \* How and where do I find clients? \* Public speaking isn't my cup of tea but I'm willing to learn. Got a crash course on that? \* How do I know if I have what it takes to become a coach? And if I lack some of the key criteria, how do I meet the requirements quickly? \* Coaching program is profitable but will take up a lot of my time. Is there any way I can spend less time or better still, automate it? "Introducing Your Crash Course To Kick Start Your Coaching Program!" If this course can help you find and take in clients at, conservatively speaking, \$1000 per head - and do it like clockwork - then isn't the information in this course beyond any price tag? Admittedly, there are people out there who coach people TO BE coaches - and they are charging in the TENS of thousands of dollars. That's how valuable the skill of being a coach is. It's a skill that not only feeds you for life but can also be responsible for adding another zero or two to you bank account. But I'm going to bend a bit this time because I want to first prove to you that I'm the real deal. And since you're going to get all the insider scoop on starting your own coaching program without asking me TO BE your coach in the process, I think it's fair to let it go for just \$97. That's already a steal right? You see, a guide like this is being sold for at least a few hundred dollars in the marketplace. I was initially thinking of asking for a price around that range, considering how valuable this is and be a game changer to your current business or trade.
