Study it carefully and you will find The Keys To The Magic Kingdom of Copywriting! Just How Much Is This Priceless Skill Worth To You? The ability to put words on a computer screen and then watch, with fascination, as hundreds of people from all over the world people who have never met you willingly send you money that piles up in your account with amazing speed is literally -- priceless. Take my word for it, it's one of the most exciting things you can experience as you'll soon discover how to do it. But beyond that, it's the one and only skill you need to succeed in all aspects of life. You see, these secret skills can be used for much more than just making money at the drop of a hat. They are the secret skills of seduction that allow you to compel anyone to do anything! The truth is, once you have these skills at your fingertips you will never again be short of cash, admirers...or anything else you want from life. So, as I said before, this really is a priceless skill I am giving you, but to put a figure on it... If you were to hire master copywriters (if you could afford it) to create your sales copy for you, they charge between \$7,500 and \$15,000 plus 5 royalties for a single ad on average. And the only reason they can charge that amount is because the secret knowledge they have works like gangbusters! You Can Now Own That Every Same Knowledge...And For Far Less Than You Might Think, Right Now. Because this course is brand new we are now in the beta testing stage, giving you a great opportunity to grab this amazing course for less than half what others will be paying. Here's Your Golden Opportunity... Once this course is rolled out and offered to the general public, worldwide, they will willingly pay at least \$147.00 to

discover the secrets of the MOST lucrative skill you could ever possess. But because you are one of the first few to get your hands on this, and it's available to you instantly as a digital download, I'm willing to pass all the savings of printing, shipping and handling on to you and let you "steal" this entire course for not \$97.00, not even \$47.00, for the ONE-TIME price of just \$17... But There Is A Catch! If I allow you to grab this for such a big discount, will you do something for me? Because you'll be one of the very first people to get your hands on this new course, we badly need testimonials to complete our sales page. Now, you've probably seen those sales pages with rows and rows of testimonials and wonder how they can possibly get so many, when the product only came on the market an hour ago. Here's the reason...look at a few of them and you'll notice the website addresses and the names become very familiar. They are the "usual suspects"...a band of internet regulars who get together to praise up each other's products. And they don't even pay for the product -- they get free "review" copies. But I won't get involved in such suspect behaviour. I want my testimonials to be from real people just like you...people who really deserve to benefit from these secrets which, for far too long, have been kept secret, privy only to "the few" and only whispered of in darkened rooms. So and this is in no way binding if I allow you to practically "steal" these closely guarded secrets, all I ask is - when you realize what a goldmine you have in your hands - you drop me an email to say how much you liked it and let me have the permission to publish your testimonial. Fair enough? On the other hand, if you really feel this is not for you . . . You Are Fully Protected By My 100 Cast Iron No-Questions-Asked 8 Weeks Money Back Guarantee! Because I know just how good this course is and just how much it will benefit you, Im willing to put my money where my mouth is. So let me take all the risk off your shoulders: If this course isnt everything I say it is (and youll be the judge), just let me know and I will give you back all your money within 8 weeks...no catches...no quibble...no hard feelings! How's that for confidence? And my confidence springs from the fact I hardly ever get a refund request, because I always strive to make everything I do the very best that is available.
