

Making Music In Los Angeles: Transforming The Popular - Catherine Parsons Smith

[DOWNLOAD HERE](#)

In this fascinating social history of music in Los Angeles from the 1880s to 1940, Catherine Parsons Smith ventures into an often neglected period to discover that during America's Progressive Era, Los Angeles was a center for making music long before it became a major metropolis. She describes the thriving music scene over some sixty years, including opera, concert giving and promotion, and the struggles of individuals who pursued music as an ideal, a career, a trade, a business--or all those things at once. Smith demonstrates that music making was closely tied to broader Progressive Era issues, including political and economic developments, the new roles played by women, and issues of race, ethnicity, and class.
