

Paylock Generator

Losing sales via PayPal due to unscrupulous vendors? Not getting your commissions? The PayPal PayLock Generator solves that problem. This program will generate PayPal order buttons on the fly so that you don't have to log in to your PayPal account every time you want to create an order button. In addition, it has the capability to encrypt the order button so that its details cannot be viewed (for example, to hide the return page's URL). You can also save and load buttons to your hard drive, so that modifying a button is as easy as a few simple clicks. If you sell anything via PayPal, this software is for you. Tags: pa
