Joe Lilore, educator and author of 27 music books for Warner Bros. Music and United Artists - including books on The Rolling Stones, R*U*S*H, and Led Zeppelin - has taken his years of experience as an arranger, teacher, and guitarist and developed a system that allows for the creation of completely new and innovative chords and their movement. This unique chord book contains 1,848 C chords for 22,176 new chords in all. If you're a guitarist who's feeling in a rut in your playing or your solos, experiencing songwriter's block or feeling like all your music "sounds the same as everyone else's," this book is for you. Using the new chords you'll be able to expand your horizons and reach new musical heights, whether you're a veteran player or aspiring musician. With guitar chords for the 21st Century you'll play like no one has ever played before, totally free from boundaries, and never at a loss for inspiration, ideas, or material. For less than half the cost of one guitar lesson, you'll be able to eliminate songwriter's block and create limitless ideas for songs, background pads, or improvisation. It will provide you with an unlimited palette of colors to apply to your compositions and playing.
