Dear Friend, Do you struggle to create profitable products of your own? Have you made any REAL money online ? Does it seem like it takes you way too long to create a single product while other marketers seem to be releasing sizzling hot new products every other day? Do you find yourself wondering how they can hammer out monster product after monster product, all at lightening speed and seemingly without effort? Ok, let's be honest here, creating profitable information products can be a complex and lengthy process, especially if you are not used to creating products or have no experience. Many marketers come from backgrounds where they have no experience in creating a lot of products and so are completely overwhelmed by the whole idea. It's not uncommon for new marketers to spend 3 to 6 months creating their first product. Me included. There has to be a shortcut, right?
