

Effective Police Supervision: - - , Larry S. Miller

[DOWNLOAD HERE](#)

Good police officers are often promoted into supervisory positions with little or no training for what makes a good manager. Effective Police Supervision is a core text used in college-level classes on supervisory practices in criminal justice. This popular book combines behavioral theory with case studies that allow the reader to identify and resolve personal and organizational problems. It provides readers with an understanding of the group behaviors and organizational dynamics, with a focus on effectiveness as well as proficiency, and on how a supervisor can help to create an effective organization. This book is also a vital tool in the preparation of police officers for promotional exams. NEW THIS EDITION This revised and updated edition has a new chapter Homeland Security and Terrorism -- A Changing Role. New material has been added throughout the textbook on the following topics: characteristics of an effective coach, mentoring, work values, unions, dealing with change, supervisory styles, empowerment, SARA, identifying stakeholders, dealing with Limited English Proficient individuals, intercultural communication, and equity theory. The case studies and references have been thoroughly updated and expanded. Each chapter opens with a case study to illustrate the concept and includes key terms. Contains a new chapter on homeland security and terrorism and how they are changing the role of the police supervisor. Used nationwide for police promotional exams. Author: More, Harry W.
