You can download a free demo. There are no safe zones, there's PvP everywhere, and there's also full looting. Anarchy is prevented by realm defenses and an alignment system which encourages aggression along racial lines. You have the freedom to follow the rules, or to break them and face the consequences. Darkfall's freedom with accountability affords you more freedom of action than in any MMORPG you've played before. In Darkfall crafters are extremely important. Every item is crafted by the players, even city buildings, mounts, ships and boats, cannons and vehicles. When you play Darkfall, you take part in a constantly evolving, world-spanning storyline. Your reputation will precede you and your fame will grow through clan victories and individual achievements. Whether you're a fearless fighter, a respected leader, a persuasive politician, or a skilled artisan, you will get the recognition you deserve. In Darkfall your deeds are recorded and chronicled as you become a part of world history. Publisher: Kalypso Media Digital Ltd
