If you are involved in Written Persuasion Business then Use the Power of EVOLUTION TOOLBOX to Speed Up Your Writing Business With Three Amazing Generators (Headline, Snippets & Templates) To Further Speed Up Your Writing Process In The "Sequence Of Masters". It's Simply The Fastest And Easiest Tool For CopyWriters "If you've been using a web editor to create your sales letters, you're in for one heck of a treat!" Look at the sleek, compact design. You click a tab and immediately, if not sooner, you're working on that part of the sales letter. You can go back and forth between tabs, no problem. When you're finished, you click a button on the tab "Generate Sales Letter," and - zing! - your sales letter is exported to HTML ready for you to tweak in your favorite editor - if you need to. When you create your sales letters in "evolution", you can save it in SLE format, bring it back into "evolution" later and resume your work. Because the sales letter data is stored on your local drive, you can create multiple versions of the same letter (great for AB testing!). Who Should Consider Using "Evolution Toolbox"? Evolution can be used with great benefit by anyone involved in written persuasion. Whether you are writing a sales letter for the web, for print, or email, "evaluation" will help. Even if you are writing a plain text sales letter for email, EVOLUTION will help you: Brainstorm ideas Put order to your thoughts Set everything in a tried-and-true winning sequence Enable you write and re-write your sales letter till it's perfect Publish your masterpiece to the web Looking at some of the finer points, EVOLUTION will empower you to: Work from a sales perspective, not merely a web editor perspective. Work with snippets that are specifically about helping you generate more sales! Insert graphics FROM A SALES LETTER PERSPECTIVE Enable you to add your own snippets and go beyond what even we can envision! You'll make this tool your own, and never look back. Let's Recap What Is Included In Your Package: Evolution Toolbox -- The software itself. Unrestricted Private Label Rights -- Sell, give away, change yada yada..
