

Odeon

[DOWNLOAD HERE](#)

Odeon is a 75-preset (with 600 variations) library for Alchemy. It offers a world of new sounds which are perfect for everything from film scores to ambient and new age. The library comes with over 134MB of tailor-made samples. The sounds are all broken down into the following categories for easy access: Arps (9), Bass (15), Loops(6), Pads (20), Sound Effects (3), Soundscapes (14), Vocal(6) and Synth (2). After download unzip the archive to you desktop and run the Alchemy installer. No keyfile required.
