Dear Friend, If you have been online for any period of time, then Im sure youve heard about the power of online videos in marketing. Recently, the number of internet users has

climbed to 1,581,571,589 people. And out of these people, 146 million of them are watching online videos, tuning in to at least 273.1 minutes a month. Moreover, the number of videos viewed has increased to an amazing 12.7 billion videos. That means, more people online are spending more time watching videos. Don't you want to take advantage of that trend? Now, you're probably confused about how online videos can be practically applied to create real marketing results. There are many ways But one of the most useful benefit of using online videos, is to DRIVE TRAFFIC! A Proven Method To Drive Traffic For Free In Just Minutes! Google loves online videos. You can choose the most competitive field in your market place, type the keywords on Google, and chances are, a video will appear on the first page. Now before you go out to shoot a video and submit them on video directories, there's something else you should know. Nothing will happen if no one watches your videos. You can get a high amount of people clicking to view your videos, but if they don't watch it till the end, it's useless. Used correctly, your online videos can become a selling platform all by itself. In fact, it works better than sales copy because it's multimedia. People engage to online video better than the printed text on a page. And the best part is Not only can you receive loads of traffic to your site, you can get paid per view every time a visitor watches your video. Google has made head way in its contextual advertising program and you can use this to establish a second revenue stream. Introducing Instant Video Marketing Secrets FPRIVATE

And much, much more Here Are Some Final Questions You Might Have... If you and I were just talking you might have some questions by now. Let me answer some commonly asked questions posed to me by people just like you who later decided to invest in the Instant Video Marketing Secrets program: Q. Do I need a video camera? A. Hell yeah! Most of these video cameras are very affordable these days. You can get every marketer's favorite Flip Video. For less than \$XX, you can capture very high quality video and audio. Most digital cameras and web cams today also gives you the ability to shoot video. And even if you don't have any of these, you can easily borrow one from your friend, relative, or neighbor. There's no excuse why you shouldn't be using these video marketing strategies when the technology is cheaply available. For all the benefits you're getting, it's a very good investment. Q. Do I have to spend more money on software? A. No. Most of the software you need comes together with your camera. You can also use Windows Movie

Maker on any PC to edit video footages. Plus, these are tones of free, easy to use video editing software available for download. In fact, there are many free tutorials on the internet that teaches you to use your software. And if that isnt enough, go on any video site like Youtube, type in the search bar How To Edit Videos, and youll get several step-by-step instructional videos to guide you through the process. Thats how far video technology has taken us today. With the information in the Instant Video Marketing Secrets course, you can leverage on these resources and make quantum leaps in your online business.

Q. Im not comfortable in front of a camera, can I still use Instant Video Marketing Secrets? A. Of course, you can use screen capture software to make PowerPoint presentations on your computer. And if talking in front of the camera freaks you out, imagine talking to a close friend when you record. It takes a little practice but its much easier than you think. Even a 5-year-old can get good in front of a camera within 30 minutes. Thats the easiest, fastest way to drive traffic than I know possible.

Q. Why should I invest in Instant Video Marketing Secrets? A. I have invested a lot of money in the past to educate myself about video marketing. Ive seen them all, and used them all. While most courses teaches you how to use videos to drive traffic, improve SEO rankings, and improve conversions, none of them actually address the problem of getting your videos seen by enough viewers to start a chain reaction to spread your videos across the web. Nothing happens until enough people watch your videos! Only then do you get traffic, high search engine rankings, and more sales from better conversions. My course is the missing puzzle you need.

Q. But why should I trust you? A. I wont waste time convincing you to trust me without a demonstration to prove my worth. At this point, its okay for you not to trust me until you try out the book and prove to yourself beyond a shadow of a doubt that my claims are all true. Which is why I offer an unprecedented 30 Days Money Back Guarantee Test all the information in this course and see for yourself the results in traffic it brings you. Its that easy. I have total faith that you can make so much more sales and profit from using these secrets, that Im willing to guarantee your results. If after 30 days, you make less than 10X the amount you pay for this product, kindly request for a refund and I will promptly return every penny you paid. Plus, you can keep the ebook for trusting me enough to make a small investment in yourself. So even if you do ask for your money back, these secrets are yours to use and keep forever!
