If you answered yes to any of those questions then you are going to want to keep reading this page and find our how you can get 20 great videos that you can sell or share in any way you want! "The simple truth is... People love learning from video and if you aren't giving them what they want they are going to go some place else" Why do people love video tutorials.... Because they dont require painful on screen reading, ebooks are hard to read and most people simply give up half way, but not video... when people sit down all they need to do is watch as they are shown exactly what to do! You leave absolutely nothing to guess, youre customers will fall madly in love with the concept of being shown EXACTLY what to do; a quick tutorial solving a proven problem is an instant best seller. People feel they are getting SO much more value when they get a multimedia product, I know it sounds crazy but videos get a much lower refund rate then ebooks even if you use the SAME information and DOUBLE the price... thats power! Video products are quick to digest, people are more busy then ever and when they can get something quick, it tends to sell like crazy... Videos cut straight to the point leaving the reader with exactly what they want and then shut up.
