You can download a free demo. Samantha is hot on the trail of Cortez and his conquistadors for museum relics when she is rudely interrupted by the manipulative M'Alice as well as her old nemesis Markus Payne. She quickly learns that a rare artifact already in her possession might hold the key to a mystery long sought after, but never discovered. Could the unassuming golden statuette lead her to the mythical Fountain of Youth? Embark on this amazing adventure with the intrepid archaeologist and find out. Outwit M'Alice and Payne as you circle the globe, from the swamps of the Florida Keys to the Great Wall of China, collecting waters of longevity, immortality and life that give the artifact special powers. Solve fun brain-teasing puzzles, collect tools to uncover relics for the Museum of Secrets Lost, and unlock an Unlimited play mode by gathering hidden Swift Birds in six daring missions. Stop Payne once again!
